Hosting Finals Series (refer Section 10 of the Conditions of Play)

Clubs who are anticipating an involvement as hosts for 2024/25 Pennant Semi-Finals and Preliminary Finals Series are reminded and advised of the following:

- The Host Club is responsible for providing a venue Manager of the Day unless another person is appointed by the MBA. Additional duties for the venue Manager will include receiving protests & appeals and communicating with the MBA as required.
- The Host club is responsible for providing NON-PLAYING umpire(s) for the day. If possible, there should be one umpire allocated to each game/green. Clubs anticipating difficulty regarding this requirement must contact the MBA Secretary as soon as possible.
- Where multiple umpires are used, an Umpire of the Day should be appointed with final responsibility for the conduct of games at the venue.
- Finals Series games should be played on individual greens wherever possible. Spreading teams across multiple greens should be avoided wherever possible.
- An area away from spectators should be provided for players to keep their bowls bag etc. (The end of the green away from the clubhouse is often suitable).
- Finals Series games will be played without a time limit.
- Finals Series games for Saturday Division 6 & 7 and Wednesday Division 4 will include a brief mid-game break. All other Finals games will be played without a scheduled mid-game break. Players are responsible for supplying their own food. Access to tea/coffee, food for sale and refreshments from the bar are recommended.
- In the case of extreme weather on Game Day normal extreme weather procedures will be applied, under the control of the Umpire of the Day.
- In the event of a drawn game after the full allotment of ends, side Managers will toss for the mat and all rinks shall complete one end from the end of the green at which their last end was completed (refer Law 5.2 & Law 28).
In the event of there still being a draw after an extra end has been played, the procedure above will be repeated until a winner is obtained.
- Home sides, including the higher ranked side for those playing at a neutral venue, are responsible for entering results into BowlsLink by 6:00pm on the day of play. Away sides need to confirm the results as usual by 6.30pm on the day of play.
Entry and confirmation of results at the conclusion of the games is encouraged.
It would be appreciated if Host Clubs could provide access to a computer to allow all sides to enter and confirm results at the conclusion of the games.

If there are any questions regarding the above or further clarification required, please contact Match & Program committee (MBAmatchcommittee@metrobowls.com.au)
